

## PASSENGER RATE HEARING DEC. 15

The public service commission has instituted a proceeding against the Southern Pacific company, the Western Pacific railroad and the Los Angeles & Salt Lake railroad, directing them to show cause why their present intrastate passenger rates of 4, 5 and 6 cents per mile should not be reduced to 3.5 cents per mile, and why meals should not be served in their respective dining cars at more moderate prices.

The interstate passenger fares from within to without and vice versa on these railroads have been increased 20 per cent by the federal commission's order in ex parte 74, effective August 26, 1920, therefor, range from 4.8 to 7.2 cents per mile, while both the interstate and state fares in practically all other states are but 3.5 cents per mile. Compared with pre-war times the Nevada fares are exceedingly high because all round trip fares and strip books have been withdrawn.

The Nevada case is set for hearing at Carson City on December 15, at 10:30 a. m., and all who are interested in the question should appear at the hearing and demand their rights, or write to the Nevada railroad commission stating their views fully.

CAPT. ROBERT G. WOODSIDE

Capt. Robert G. Woodside of Pittsburgh is the new commander-in-chief of the Veterans of Foreign Wars. Captain Woodside fought in the Spanish-American war and distinguished himself in the recent war by saving the flank of his battalion in the battle of Verdun.

## HONEY PRODUCERS TO MEET IN EAST

(By Associated Press.) WATERTOWN, Wis., Nov. 26.—A conference of leading honey producers of the Americas has been called at Chicago the first week in December, where President E. Guy Le Sturgeon, San Antonio, plans to have outlined the immediate activities of the American Honey Producers' league. Representatives of the Canadian, Mexican and South American honey producers have been invited to the sessions.

**Jiu-Jitsu Not Japanese.**  
Jiu-jitsu is supposed to come from Japan, but an art of self-defense virtually identical with it was taught in Europe during the seventeenth century. Its principles are expounded in a book by one Nicholas Peters, published at Amsterdam in 1674, which bears the long explanatory title: "The Art of Wrestling, and how one can protect oneself in all kinds of quarrels that may occur, how one can with agility and rapidly repel all unfair attacks, and meet one's adversary with science."

**Preceded the Umbrella.**  
Before the umbrella came there was what was known as the quitasol—a parasol of oiled muslin, whose material was imported from India via England. The quitasol was a feminine monopoly. The man wore a "roque-laure," or cape of allied linen. The first umbrella was fashioned of this material and had ribs of rattan.

**"Old Style" Time Still in Use.**  
It is not only in eastern Europe, under the influences of the Greek church, that the unreformed calendar may be found still in use. Even in England, where Christmas has been kept on December 25 for many generations, the government does not pay the Christmas dividends on the national debt till Twelfth day, and the midsummer dividends are paid not on June 24, but on July 5.

## ORANGE CROP BIG IN TULARE COUNTY

(By Associated Press.) VISALIA, Cal., Nov. 26.—Shipment of Washington navel oranges will be in full force in Tulare county within a few days. Tests carried on at the Lindsay testing station show the fruit to be up to the eight to one content required before growers here begin picking.

The oranges this year apparently will be of better quality than last year and the crop in this county is estimated at 25 per cent over that of last year.

**Fly's Frugality.**  
"The philosopher who told us to 'go to the ant for our lesson in frugality,' should have said, 'Go to the fly.'"  
"But the fly is not a frugal insect."  
"Yes, it is. Why, they simply swarm into the cheap eating houses."—Wichita Eagle.

## RESUMPTION OF WORK AT BLUESTONE RUMORED

M. H. Summerhays, former manager of the Bluestone mine, Mason Valley, is out from New York and is stopping in Reno. His visit has started rumors of resumption of work, and it is said that a deal is now pending between the Bluestone Mining & Smelting company and the Mason Valley Mines company, which owns the smelter at Wabuska, says the Nevada Mining Press.

Location books in triplicate now ready at The Bonanza office.
